

**DATA USAGE AGREEMENT  
FOR THE MAYENNE CATCHMENT AS PART OF THE GREAT-ER PROJECT**

Between, on the one hand:

The ERASM coalition / CEFIC, avenue Van Nieuwenhuysse 4, Box 1, B1160  
Brussels, Belgium acting also on behalf of the partners involved in the  
development of GREAT-ER 1.0,

and on the other hand

Agence de l'Eau Loire - Bretagne, Avenue de Buffon, B.P. 6339, 45063 Orléans  
Cedex 02, France  
("OWNER")

WHEREAS

1. ERASM coalition / CEFIC has developed via ECETOC (The European Centre for Toxicology and Ecotoxicology of Chemicals) the computer programme "GREAT-ER" (Geo-referenced Regional Exposure Assessment Tool for European Rivers); a scientific tool for management and risk assessment of chemicals in river basins.
2. OWNER owns emission and waste water treatment data.
3. OWNER will and may in future supply the Data to ECETOC so that it may be incorporated into GREAT-ER and used by end-users of GREAT-ER upon the terms of this agreement.

THE PARTIES NOW AGREE:

Concerning the emission and waste water data

1. ERASM coalition / CEFIC acknowledges and agrees that all the Data shall be held by its subject to the terms of this Agreement

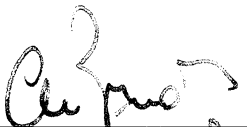

2. ERASM coalition / CEFIC may only use the Data for the non-commercial purpose of incorporation into the GREAT-ER programme and any updates of the GREAT-ER programme.
3. ERASM coalition / CEFIC and the end users may use the Data in relation to GREAT-ER in combination with data obtained from other sources.
4. OWNER makes no warranty or representation as to the accuracy or completeness of the Data which ERASM coalition / CEFIC may use under the terms of this Agreement at its own risk. ERASM coalition / CEFIC indemnifies OWNER against any claim that may be made in relation to any user of GREAT-ER.

Made in Brussels, 11 December 2000

For ERASM (GREAT-ER project)
